A GREAT BENEFIT FOR YOUR EMPLOYEES!

WFL The Best Employee Benefit a Small Business can Offer

Benefits to Employee:

For the employee, they receive the immediate financial relief of no co-pays and no deductibles for primary care services. Employees and members have direct access to a physician regardless of insurance, pre-existing conditions, age or illness with same day appointments, no office wait times and virtual access 24/7.

Benefits to Employer:

For the employer, you receive a unique benefit offering for employees that results in higher employee satisfaction and retention as well as reduced sick days and time out of work. By providing better access, telemedicine, wellness services and more focused primary care, employers will have a health benefit that will make a difference in both the health and wellness of their staff as well as reduce costs for expensive and unnecessary claims.
